Use with LEM Collated Hog Rings, Cat# 816A

Spring Loaded Pliers

Multi-Purpose Uses:

- Sausage Making
- In the Garden
- Around the House
- In the Garage & Workshop

To Load Hog Rings

Use with LEM Collated Hog Rings, Cat# 816A

1. Press in on the silver locking tabs.
2. Slide the spring loaded push rod out (Cannot be removed from Pliers).
3. Place a row of LEM Collated Hog Rings (Cat# 816A) open end up into the channel.
4. Pushing on the silver locking tabs, slide the push rod back in and lock the tabs into the slot.

Using the Hog Rings Pliers

1. Twist the bag or sausage casing to be closed.
2. For best results, fold the twisted portion in half.
3. With the Hog Ring Pliers in the open position, insert the end of the bag or casing into the jaws of the pliers.
4. Holding the bag or casing in place, squeeze the handles of the Pliers together.
5. Once the handles have been squeezed fully closed, release the pressure to open the jaws and release the sealed bag or casing.

1 YEAR WARRANTY
